Insert "Africa" as a key word

The screenshot shows the 'Funding & tender opportunities' page on the European Commission's Single Electronic Data Interchange Area (SEDIA). The page features a navigation bar with links for HOME, SEARCH FUNDING & TENDERS, HOW TO PARTICIPATE, PROJECTS & RESULTS, WORK AS AN EXPERT, and SUPPORT. The main content area is titled 'Horizon Europe' and includes a gear icon. The text describes Horizon Europe as the ambitious EU research & innovation framework programme for 2021-2027 with a budget of €95.5 billion. It lists three overarching goals: 1. to strengthen the EU's scientific and technological bases and the European Research Area (ERA); 2. to boost Europe's innovation capacity, competitiveness and jobs; 3. to deliver on citizen's priorities and sustain our socio-economic model and values. Below this, it mentions a focus on creating impact through the European Green Deal, digital and sustainability transition, and recovery from the COVID-19 pandemic. A search bar at the bottom contains the text 'AFRICA' and a 'View (2135)' button. A warning message states: 'Calls for Tenders are not available when you have selected a programme See all Calls for tenders published by EC'.

Horizon Europe

Horizon Europe is the ambitious EU research & innovation framework programme for 2021-2027 with a budget of €95.5 billion.

Its overarching goals are:

1. to strengthen the EU's scientific and technological bases and the European Research Area (ERA);
2. to boost Europe's innovation capacity, competitiveness and jobs;
3. to deliver on citizen's priorities and sustain our socio-economic model and values.

with a particular focus on creating impact or the European Green Deal, the digital and sustainability transition and recovery from the COVID-19 pandemic.

For more information, please see the [Horizon Europe web site](#).

Horizon Europe Framework Programme (HORIZON) € Budget overview

Call
Developing, consolidating and optimising the European research infrastructures landscape, maintaining global leadership (2024) (HORIZON-INFRA-2024-DEV-01)

Type of action HORIZON-CSA HORIZON Coordination and Support Actions	Type of MGA HORIZON Lump Sum Grant [HORIZON-AG-LS]	Open for submission
Deadline model single-stage	Opening date 06 December 2023	Deadline date 12 March 2024 17:00:00 Brussels time

Topic description

ExpectedOutcome:

Project results are expected to contribute to all the following expected outcomes:

- contribution to the new Commission strategy with Africa, notably to the following specific objectives: rapidly enhance learning, knowledge and skills, research and innovation capacities (with attention to female and young researchers);
- enhanced research capacities in Africa;
- enhanced Euro-African cooperation in R&I.

Scope:

This topic aims at fostering EU-Africa cooperation in Research Infrastructures, sharing of good practices and experiences to facilitate the development of a strategic approach for structuring RI capacities at pan-African level in fields other than those addressed by topic HORIZON-INFRA-2021-DEV-01-02.

Proposals should build on existing cooperation activities between African and European countries and take into account the outcomes of previous and ongoing initiatives. The potential contribution to ongoing global initiatives, where relevant, should be taken into account.

Programme Horizon Europe Framework Programme (HORIZON)		€ Budget overview
Call Interconnected Innovation Ecosystems (2024.1) (HORIZON-EIE-2024-CONNECT-01)		
Type of action HORIZON-CSA HORIZON Coordination and Support Actions	Type of MGA HORIZON Action Grant Budget-Based [HORIZON-AG]	Open for submission
Deadline model single-stage	Opening date 11 January 2024	Deadline date 25 April 2024 17:00:00 Brussels time

Topic description

ExpectedOutcome:

Strengthening Research and Innovation (R&I) cooperation between the African Union (AU) and the European Union (EU) is a key priority of the EU Communication Towards a comprehensive Strategy with Africa^[1], in which the role of R&I is recognised as a driver for sustainable and inclusive economic growth and job generation, thereby reducing poverty and inequalities. The first R&I Ministerial meeting of the AU-EU High-Level Policy Dialogue on Science, Technology and Innovation (HLPD on STI) agreed to focus cooperation in four priority areas: Public Health, Green Transition, Innovation & Technology, and Capacities for Science, and also agreed to the development of a joint AU-EU Innovation Agenda, which is currently under preparation, and expected to be adopted at the second AU-EU R&I Ministerial in early 2023.

This topic contributes to the priority areas of action (number 9) listed in the Council Conclusions on the Future Governance European Research Area^[2] with regard to launching a pilot initiative on the Team Europe approach for a specific world region and/or topic.

This topic is also in support of the key actions mentioned in the Council Conclusions on the Global approach to Research and Innovation - the EU's strategy for international cooperation in changing world^[3], in particular at point twenty-nine related to the AU-EU Partnership, aiming at developing a joint EU-AU Research and Innovation Agenda in support of building research capacities and translating research outputs, including those from the 'Africa Initiative' under the Horizon Europe Work Programmes 2021-2022, into socio-economic and environmental benefits, in line with the agreement reached at the 2020 EU-AU R&I Ministerial meeting.

The action funded under this topic will have the objective of supporting the implementation of the AU-EU Innovation Agenda. The action is expected to bring together a mix of EU and AU innovation stakeholders, from academia and business, including higher education establishments, public and private research entities, non-governmental organisations, international finance institutions, incubators and accelerators, technology transfer and capacity building and higher learning organisations.

The aim of the topic will be to foster the links and networks between innovation stakeholders from the AU and EU innovation ecosystems, also including the social innovation dimension.

Topic description

ExpectedOutcome:

Projects are expected to contribute to all of the following outcomes:

- A European economic base which is stronger, more resilient, competitive and fit for the green and digital transitions, by reducing strategic dependencies for critical raw materials.
- Development of post-lithium cell chemistries with target cell- and system-level cost, safety, energy density and power metrics suitable for the selected stationary energy storage markets.
- Credible projected storage costs of less than 0.05 €/kWh/cycle by 2030, particularly for applications with a (minimum) storage durations of up to 8 hours.
