Welcome to this week's highlights!

This week, we're spotlighting research calls on Global collaborative action for strengthening the Regional Networks of Excellence and Epidemic Preparedness Consortia, Transformative Innovations in global health, Boosting innovation for better assessment of the added value of innovative integrated healthcare solutions and more

COGNITYADVISORY

GLOBAL ACTION FOR STRENGTHENING REGIONAL NETWORKS AND EPIDEMIC PREPAREDNESS

DEADLINE MODEL
SINGLE-STAGE

OPENING DATE: 30 JAN 2025

CLOSING DATE: 20 MAR 2025

CLOSING DATE: 02 SEP 2025

CALL SUMMARY

This funding topic aims to strengthen clinical research capacity and epidemic preparedness in sub-Saharan Africa through multi-country trials, training, and infrastructure upgrades, leveraging contributions from partners.

COGNITYADVISORY

GLOBAL COLLABORATIVE ACTION TACKLING DIARRHOEAL DISEASES IN THE CONTEXT OF CLIMATE AND HEALTH

DEADLINE MODEL
SINGLE-STAGE

OPENING DATE: 30 JAN 2025

CLOSING DATE: 20 MAR 2025

CLOSING DATE: 02 SEP 2025

CALL SUMMARY

This funding call aims to develop interventions and generate clinical data to address diarrhoeal diseases in sub-Saharan Africa, focusing on late-stage research, climate change impacts, and vulnerable populations.

COGNITYADVISORY

ENHANCING INNOVATION TO BETTER ASSESS THE VALUE OF INTEGRATED HEALTHCARE SOLUTIONS.

DEADLINE MODEL
SINGLE-STAGE

OPENING DATE: 30 JAN 2025

CLOSING DATE: 20 MAR 2025

CLOSING DATE: 02 SEP 2025

CALL SUMMARY

This funding call supports pre-competitive research and innovation to develop novel tools, methods, and technologies for assessing the value of integrated healthcare solutions, addressing public health needs, and improving healthcare delivery in Europe.

COGNITYADVISORY

TRANSFORMATIVE INNOVATIONS IN GLOBAL HEALTH

DEADLINE MODEL
SINGLE-STAGE

OPENING DATE: 30 JAN 2025

CLOSING DATE: 20 MAR 2025

CLOSING DATE: 02 SEP 2025

CALL SUMMARY

This funding call supports innovative, cost-effective solutions for improving the accessibility and implementation of preventive, treatment, and diagnostic interventions in sub-Saharan Africa, focusing on underserved populations and scalable, community-driven innovations.

This week, we're discussed global calls for collaborative action to strengthen Regional Networks of Excellence and Epidemic Preparedness Consortia, advancing transformative innovations in global health, and boosting innovation for better assessment of the added value of integrated healthcare solutions.

We also explored tips for effective consortium building and navigating Horizon Europe calls. These efforts are guided by the belief that discovery begins where certainty ends, and the three pillars of research continue to inspire our pursuit of solutions to the world's most pressing health challenges.
